
„Pandemonic!“

First couple successfully brought to a hold after 16 bars, yay, after a fugal start spreading the pattern all over the place.

1-2 First couple petronella turn.
3-4 First couple set facing up and down **while** second couple petronella turn (second lady between first couple).
5-6 First couple petronella turn to opposite side **while** second couple set **while** third couple petronella turn (third lady between second couple).
7-8 First couple set **while** second couple petronella to opposite side **while** third couple set.

9-10 First couple pass left shoulder back to own side, facing out **while** second couple set **while** third couple petronella to opposite side.
11-12 First couple start casting into third place **while** second couple cross up (no hands) to top place facing in **while** third couple set.
13-14 First couple finish casting into third place **while** second couple pass left shoulder facing out **while** third couple cross up to second place (no hands) facing in.
15-16 First couple set **while** second couple cast down into second place **while** third couple pass left shoulder to finish back to back facing partner's side (and man facing man, lady facing lady); second and third couple forming a line across the dance.

17-24 Second and third couple dance a reel of four across the dance, both couples finishing shoulder to shoulder facing down (men on the left of their partner, and third couple in the lead, so overdo the reel a bit).

25-32 With third couple leading, both couples cross down below first couple, cast up, meet in the center to face up. Third couple cast into second place, second couple finish in first place turning inwards.
