

Weaving a Yarn (8x32R)

Graham Quartly

- 1-8 1c dance a figure of 8 around 2nd couple, ending in middle both hands joined
- 9-12 1c slip step down to below 3rd couple and set, whilst 2nd and 3rd couples set and cross right hand
- 13-16 1c slip step up to original place and set, whilst 2nd and 3rd couples set and cross right hand
- 17-20 1c use 4 bars to cast to 2nd place, with 2nd couple stepping up on bars 19-20
- 21-24 1M with 3rd couple dances right hands across, whilst 1L with 2nd couple does the same
- 25-32 All circle to the left and back.

Additional Notes:

The first 8 bars represents the tying on of the yarn, and then the second 8 echoes the "shuttle" movement from "The Kiltmaker" (but without quite so far to go). After that, dance instructors are welcome to spin their own tale over the interpretation of the movements!
